CHILD CARE CENTRE

BRIGHT SPARKS

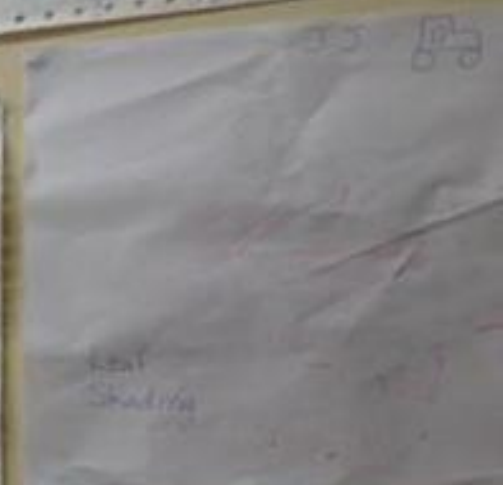

A green planter box is positioned against a light-colored wall. Inside the planter, several tulips are growing, including red and pink ones. The planter has a white sign with the text "WELCOME TO BRIGHT SPARKS" written on it. The planter sits on a dark asphalt surface with a white line.

Display

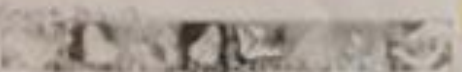

Stage 1

Butterfly lays the egg on a leaf

Stage 2

The egg will hatch and a caterpillar is formed, eating and growing and as it grows it sheds its skin several times

The Egg - La Oveja - du Pasa - Crayons - de Papier

The Caterpillar - La Oveja - du Pasa - Crayons - de Papier

Children's Butterfly Site - www.butterfly.org

Stage 3

The caterpillar now begins the transformation into a pupa (chrysalis) in about two weeks a beautiful butterfly is formed.

The Chrysalis (Pupa) - La Oveja - du Pasa - Crayons - de Papier

Children's Butterfly Site - www.butterfly.org

Stage 4

Out through the pupa emerges the butterfly. It waits for its wings to dry and stiffen before it flies away to start the cycle of life all over again
