

Hands-on Lesson: Sustainable Consumption, case: clothes

Slogan	Discover the journey of clothes and learn to recognise quality from trash	
Description	<p>In this lesson we dive into the world of textiles. We begin at the cotton fields and travel around the world with our chosen piece of clothing, imitating the journey clothes take every single day. At the same time we learn about clothes' production process and the impact it has on the planet and its people.</p> <p>This lesson combines theory and practise to give a taste of Finnish pedagogy.</p>	
Benefits	<ul style="list-style-type: none"> • New knowledge about clothing industry • Learn about the consequences of your choices, be inspired to become part of the solution • Learn to recognise high quality textiles • Experience the Finnish teaching style 	
School subjects involved and Finnish curriculum	<ul style="list-style-type: none"> • Environmental studies, stem subjects (science, technology, engineering, mathematics) • Sustainable development • Learning outside the classroom, learning by doing, exploratory learning
